Addis Ababa, Ethiopia

Transitioning from an Electromechanical Engineering background, I'm a driven Front-End Developer passionate about crafting exceptional digital experiences. With a strong foundation in HTML, CSS, and JavaScript, I've honed my skills in React.js and Next.js to build dynamic and responsive web applications.

What makes me unique? My blend of technical skills and a keen eye for design, coupled with a commitment to teamwork and continuous learning. I'm eager to contribute my skills to innovative projects and collaborate with like-minded professionals.

Work Experience

Frontend Developer
iCog | Addis Ababa, Ethiopia

Jul 2024 - Feb 2025

Technical Support Intern Position

Frontend Developer Volunteer
My Health Integral | Remote

Feb 2024 - Jul 2024

As a Front-end Developer at My Health Integral, I specialize in planning and executing front-end tasks for our digital health platform, focusing on logistics, delivery, and patient transport solutions. My role involves leveraging key technologies such as HTML, CSS, JavaScript, and Next.js to ensure seamless integration and enhance overall platform functionality.

Frontend Developer
Trust ICT Solutions | Addis Ababa, Ethiopia

Dec 2023 - Feb 2024

At Trust ICT Solutions, I was responsible for developing user-centric front-end solutions for various projects, including a coffee website and an e-school dashboard. My role involved translating design concepts into responsive and engaging interfaces, ensuring seamless integration with back-end systems.

Malware Analyst
Information Network Security Agency | Addis Ababa, Ethiopia

May 2017 - Oct 2023

As a Malware Analyst at INSA, I focused in identifying, analyzing, and mitigating malicious software threats.
